

Piece of Me (feat. Alicia Solombrino)

The Word Alive

Everybody's gotta lose someone
No matter who you call your own
They gotta choose someone to love And no matter how far away they feel
You'll always feel like someone's here
I never thought I'd reach the bottom
I always thought that you'd be there Without you here
Everything feels so clear
And I can't let you go
How could I sink so low
How could I sink so low Owning up to mistakes I've made
Right back to where I started
Reflecting all your tears
I got lost in my ego And no matter how far away you feel
I always feel like you're right there
I never thought I'd reach the bottom
Until you disappeared Without you here
Everything feels so clear
And I can't let you go
How could I sink so low
How could I sink so low Every time we collide
I will fall and stumble forward
In my home with you
Every time we collide
I will fall and stumble forward
In my home with you
With you, with you
With you, with you Without you here
Everything feels so clear
And I can't let you go
How could I sink so low
How could I sink so low
