Where Were You Then?

Oleander

Sooner or later you and me
Will be lost dumb, blind and free
Sooner or later you and I
Won't have anywhere to hideSooner or later everyone
Catches up to the things they've done
Sooner or later everyone
Get down as we kick itUnwind, cut the ties
Open wide and waitSooner or later things you say
Catch up and they make you pay
Sooner or later things you do
They hurt only me, heySooner or later everyone
Catches up to the things they've done
Sooner or later everyone
Get down as we kick itUnwind, cut the ties
Open wide and waitOh, where were you then?
Oh, where were you then?
Honey, sorry, hey hey, la la
Oh, where were you then?Sooner or later things you say
Catch up and they make you pay
Sooner or later things you do
They hurt only me, heyOh, where were you then?
Oh, where were you then?
Honey, sorry, hey hey, la la
Oh, where were you then?
