Mountain Moving Faith

11th Hour

There was a man in the bible named peter
A disciple of the lord was he
While sitting in his boat in the middle of the storm
Jesus came a walking on the sea
He said peter get out of that boat And start walking
and peter moved when he spoke
Things changed in a moment he became a sea walker
Not just a man in a boat.(Chorus)
You got to have that sea walking, mountain moving faith
Heart percieving, mind believing, every thangs gonna be okay.
Step out on God's promises, and don't you be afraid
with that sea walking, mountain moving faithLet me tell you bout a friend you can call on,
He has always got an answer to prayer.
He said he'd never leave you, he knows just where you are,
Brother I can tell you that he's there.Friend all you got to do is trust when you ask him
And have a little faith and believe
Like the man in the boat, you'll see a miracle
Move a mountain with a mustard seed
Yeah, you got to have that(Chorus 2x)Step out on God's promises, and don't you be afraid
with that sea walking, mountain moving faithOh, with that, mountain moving faith.
