You Don't Know Me

Max Schneider

[Chorus]I know that you don't know me
But I just wanna let you know, yeah.
I know that you don't know me
But I just wanna let you know, know.
[Verse 1]Where did it stop and where did it go,
I don't know, I don't know.
You used to smile, you'd walk in a room, you would glow.
It was sure.
[Pre-Chorus]And now you're older, you're lonely,
You'd walk home and you'd follow me.
Displaying all your problems, displaying all your dislikes.
Displaying, you're playing, you're playing.
[Chorus]And I know that you don't know me
But I just, I just wanna let you know.
I know that you don't know me
But I just wanna let you know, know.

[Verse 2]Holding back your feelings, you're building up the walls,
Screaming through the window, crawling through the halls.
Holding back your feelings, you're holding back your feelings
And you're always walking into the past,
Trying to make those good times last
But give it up, it's gone,
It's long lost, it's long lost, it's long lost.
And baby you're crazy but I love it.
I can't get enough of it.
You're crazy, you're crazy but I love it, I love it.
I can't get, I can't get enough of it.
[Pre-Chorus]You're older but you're lonely,
You'd walk home and you'd found me.
Displaying all your favorites,
Saying how you'll, saying how you'll love me,
Saying how you'll love me,
Saying how you'll love me.
