Amanda

AstroPuppees

He's not looking for you anymore
He's just trying to come down
And get his head back on
You say goodbye before you're in too deep
You twist your body like a knife
And struggle to be free
And it don't take long
To lose someone(CHORUS)
Amanda
What you gonna do now'
Amanda
What you gonna do'
Go out and get that new tatoo
Hey I know it will look good on you
AmandaYou look like trouble when you hit the street
You don't look in no one's eyes
You just walk on by
Smokin the guys like a cigarette
You put them out before the light
Gets in your eyesAmanda
What you gonna do now'
Amanda
What you gonna do'
Go down to that place you goWhere the boys hang out and they all know
AmandaYou walk in like you got nothin to say
One by one Amanda blow them away(CHORUS)
