

I Run

Jennifer Hudson

[Verse 1]

Oh love

Through the pain

Oh and through the stress

I know somehow

It has to get better yeah yeah

Sometimes you get left yeah

Left with nothing at all

Oh still, I-I know, I know it will[Chorus]

So I'll run, run, run a wall through

I-I'll press, press my way

Press my way through yeah[Verse 2]

When you took my heart

You know you took my soul

I wonder how could a be so cold, oh oh oh oh oh

But I'm reminded of something old, uh

That the Bible says that one day death and crying will be no more[Chorus]

So I'll run, no I'll run through yeah

And I'll press, press my way through

Oh I'll run, run, run, run all through

I'll press, press, all through, press 'em through[Bridge]

Said I got faith to move mountains

Oh, I got faith in miracles yeah

Faith I would be alright, I yeah yeah yeah

As I come and as I go

Faith to believe that his word is true yeah

yeah that his word is true

And I can make it yes I can.

Look at all he's brought me through yeah

Love , see I keep running ont, running running [?][Outro]

See I'll press my way

Keep pressing away

Pressing my way all through

Oh I'll run
