## Pretty Balanced

Miriam

That's such a pretty name  
I'm gonna say it when I make you cry

Miriam

You know you done me wrong  
I'm gonna smile when you say goodbye  
Now I'm not the jealous type  
Never been the killing kind  
But you know I know what you did  
So don't put up a fight

Miriam

When you were having fun  
In my big pretty house  
Did you think twice?

Miriam

Was it a game to you?  
Was it a game to him?  
Don't tell me lies

I know he said it's not your fault  
But I don't believe that's true  
I've punished him from ear to ear  
Now I've saved the best for you  
And I try not to hurt you  
'Cause you might not be that bad  
But it takes a lot to make me go this mad

Oh, Miriam

That's such a pretty name  
And I'll keep saying it  
Until you die

Miriam

You know you done me wrong  
I'm gonna smile when you say goodbye  
You know you done me wrong  
I'm gonna smile when  
I take you life  
Mmmm...
