Dirty Love

Motörhead

I could use some dirty love
You can't abuse my dirty loveThat's what I need
To satisfy my greed
Come on over with your dirty loveI want to taste some dirty love
Don't want to waste your dirty loveWhatever you got
You bet your life, I want the lot
I want to grab your dirty loveLike thisI gotta have your dirty love
I gotta have your dirty loveI'll show you the way
To dirty love all night, all day
I'm gonna treat you to dirty loveRight nowRight now, right now
Right now, right now, right now
Right now, right now, right now
Right now, right now, right now
