

# The Opposite of Me

[Robin Thicke](#)

All that she wants is the honesty  
All that she wants is the opposite of me  
All that she wants is someone who doesn't hurt  
All that she wants is the action, not the words  
Oh, the action, not the words  
With the action, not the words If she ever knew that I would never be the man I promised I would be  
If she ever knew that I was gonna be running around she never would have stayed  
All that she needs is a good man  
All that she needs is another try  
All that she needs is something that I can't give her, just can't give her Cause all that she wants is the honesty  
All that she wants is the opposite of me  
All that she wants is someone who doesn't hurt  
All that she wants is the action, not the words  
The action, not the words  
Oh, the action, not the words  
The action, not the words  
Oh, the action, not the words All that she needed was a true friend  
All she received was a troubled man  
She couldn't be with someone like her dad  
And I just rewarded her with my drunken wrath And all that she needs is a good man  
All that she needs is another try  
All that she needs is something that I can't give her, I just can't give her Cause all that she wants is the honesty  
All that she wants is the opposite of me  
All that she wants is someone who doesn't hurt  
All that she wants is the action, not the words  
The action, not the words  
Oh, the action, not the words  
The action, not the words  
Oh, the action, not the words
