Numb

Mudmen

Hey, have you fallen off the shelf?
Can I help you get yourself back together?
I'm so tired, can I help you save yourself?
Have your friends all changed?
All the people that
You thought would be around
As your light goes gray
Are you losing all the hope
You thought you'd found
I think we're numb
I think we're numb
I think we're numb
Hey, have you found somebody new?
Have you found yourself unglued
For the first time in your life?
Can I help you save yourself?
Have your friends all changed?
All the people that
You thought would be around
As your life goes gray
Are you losing all the hope
You thought we'd found
I think we're numb
I think we're numb
I think we're numb
I think we're numb
I think we're numb
I think we're numb
And tell me do you feel like dying?
Tell me does it hurt just waking?
Tell me have you lost the reasons
You ever wanted to fight?
Has it left you lonely?
Tell me do you pray for good morning?
Tell me does it hurt just waking?
Tell me have you lost the reasons
You ever wanted to fight?
And you know it's all impossible
And nothing feels the same

Life is full now
Every morning when the light comes in
Everybody sings the same song tonight
Better fly away, yeah
Have your friends all changed?
All the people that
You thought would be around
As your light goes gray
Are you losing all the hope
You thought you'd found
I think we're numb
I think we're numb
I think we're numb
I think we're numb
I think we're numb
I think we're numb
I think we're numb
I think we're numb
I think we're numb
