

Stay

Organek

I never wanted you to be so broken.
Now. I just wish that you could stay.

And every minute that I spend with you
feels so rough - you cut me through.

And every second that I stand by you
is like a time bomb ticking.

I met you on the run you were chasing cars and dreams
right down the street,
right where walked and the street was wild and so were
you on that day.

Talked to you, you said no, have no time for this for all the
crap you're saying to me right now
but you gave up and and we're running along.

And every minute that I spend with you
feels so rough - you cut me through.

And every second that I stand by you
is like a time bomb ticking.

I want you to stay!
