

# Tough Guy

## Beastie Boys

Butcher me on the court  
Too many elbows to report  
Now you're poking me in the eye  
Bill laimbeer motherfucker, it's time for you to die  
Tough guy, it's time to check yourself  
Dribbling the ball like the biz can be bad for your health  
Tough guy, what you got to prove  
Moving like an elephant that's your favorite move  
Tough guy, your shit is going out  
Box me out with your fat ass  
Throw me around like a bounce pass  
You've got a tombstone hanging over your dick  
'Cause a minor earthquake when you throw a moving pick  
Tough guy, you think you're like the shaq  
Keep running around you'll catch a heart attack  
Tough guy, what are you giving me  
The way you're playing ball you'll stop me from living b  
Tough guy, tough guy  
Tough guy, you're shit is weak  
Tough guy, you fucking freak  
Tough guy, I'll stick your shit  
Tough guy
