

# On Fire

## Spiritualized

this is how high we can fly,  
Before the sun melts the wax in our wings.  
Lets see how fast we can go  
before our eyes can't follow the road I'm on fire  
Theres no water for the flames  
And I'm alive  
with no one but myself to blame  
and I'm proud  
That I've never fallen down  
and I have learned  
all the truth is tradgedy now Lets see how fast we can live  
until our times start slowing us down  
just how much further we go  
before we get our place in the ground I'm on fire  
Theres no water for the flames  
And I'm alive  
with no one but myself to blame  
and I'm free  
to do what I want to do  
and I burn  
all the faith has had me denied Come on my love  
Come on my child  
let heaven flow  
into your soul  
let it come on down  
ease away pain  
you won't feel  
that way again Come on my love  
Come on my child  
let heaven flow  
into your soul  
let it come on down  
let it come on down  
let it come on down  
let it come on down  
into your soul  
into your soul  
into your soul  
into your soul (repeated until fade out)
