

Alligator Wine

[Jeff Buckley](#)

Take the blood out of an alligator
Take the left eye out of a fish
Take the skin off of a frog
And put 'em all in a dish, huh
Rifle from the side over your shoulder
And count one to nine
Like a scary can freezer
And you got alligator wine
Alligator wine
Your porcupine
It's gonna make you mine, huh
It'll make your baby bald
It make your toes freeze
It'll make you stare out your eye balls
It'll make you cough and sneeze, haa choo
You'd be wanting for air
But I give you my portion 9
When you drink it, alligator wine, huh
Alligator wine
Your porcupine
Gonna make you mine, huh
Alligator wine, your porcupine
It's gonna make you mine
It's gonna make you mine
Huh, look out, who's that? Huh
