Numb

Drew Allen

Maybe this is always
how it wouldâ€™ve been
Maybe you are more than
More than just a friend

Verse 1:
Girl I know I used to hit it right
Sexin on yah next to every night
Staying up until the early light
Now I donâ€™t even get a reply, yeah

Hook:
Thought about some things with you
N-N-Now I need a change of view
Canâ€™t get you out my head
Need to find a way to get away from you
What does your mind keep changing for?
Said she ainâ€™t tryna be tamed no more
Giving me signs that you canâ€™t ignore
Wish I knew now what I didnâ€™t before (nah nah)

Chorus:
We couldâ€™ve been (ahh)
Much more (oohh)
Took one chance (one chance)
But what for?
Cuz now Iâ€™m empty enough
I thought I had enough (ooh aahh)
Yeah yeah
Look at what you have done

Verse 2:
Tried to keep my feelings from you
Tracking other niggas on you
Choosing bitches on my line
Way too many coming for me
And I gave it up for you
Gave it all up for you
While my heart is breaking
Yours isnâ€™t shaken

Where did this love go

Pre-chorus:
Thought about some things with you
Now I need a change of view
Canâ€™t get you out my head
Need to find a way to get away from you
What does your mind keep changing for?
Said she ainâ€™t tryna be tamed no more
Giving me signs that you canâ€™t ignore
Wish I knew now what I didnâ€™t before (nah nah)

Chorus:
We couldâ€™ve been
Much more (no)
Took one chance
But what for?
Cuz now Iâ€™m empty enough (Woah, yeah)
I thought I had enough (good love)
Yeah yeah
Look at what you have done

Hook:
Maybe this is always
Maybe you are more than
More than just a friend yeah yeah

Pre-Chorus:
Thought about some things with you
Now I need a change of view
Canâ€™t get you out my head
Need to find a way to get away from you
What does your mind keep changing for?
Said she ainâ€™t tryna be tamed no more
Giving me signs that you canâ€™t ignore
Wish I knew now what I didnâ€™t before (nah nah)

Chorus:
We couldâ€™ve been
Much more (ooh aah)
Took one chance
But what for
Cuz now Iâ€™m empty enough (woah, yeah)
I thought I had enough (good love)
Yeah yeah

Look at what you have done
(Look at what you have done)
(Look at what you have done)
fades
