Flowering

Tweedy

Hold me stranger
Donâ€™t deceive
Angel master
Canâ€™t retrieve
And all the knots
Hung high in the trees
Spilling oceans
Existing to believe

Told you danger
Carbon crown
March through the salt slush
Howling at the ground
Whistle my answer
Dance a blank face
Torment my sugar
And leaving any trace of flowering
Flowering

Hold me stranger
Donâ€™t deceive
Angel master
Canâ€™t retrieve
And all the knots
Hung high in the trees
Spilling oceans
Existing to believe

Weâ€™re flowering
Weâ€™re flowering
Flowering
Flowering
