

# Way Up Here

Danny Brown

Bitch, I'm way up here  
Can't hear what you're saying  
Gone with all that hating  
So it's fuck you pay me  
Bitch, I'm way up here  
Can't hear what you're saying  
Gone with all that hating  
So it's fuck you pay meBitch, I'm way up here  
You a tattoo to a statue  
Run a mic like Michelangelo draw, too  
While I turn this bitch into Saw II  
Bitch, I'm way up here  
And you down there on that totem pole  
I'm on the road and I'll fuck your girl  
And I'll put this dick up in a whirl  
Bitch, I'm way up here  
And you down there like a little nigga  
I'll buy you up on that rent card  
You still around here? You better thank God  
Bitch, I'm way up here  
I ain't worry about what's down there  
I'll take a step, look on my shoe and you'll be splattered everywhere  
Bitch, I'm way up here  
Can't hear what none of y'all talking about  
I'm on top of a mountain and you just started climbing rocksBitch, I'm way up here  
Can't hear what you're saying  
Gone with all that hating  
So it's fuck you pay me  
Bitch, I'm way up here  
Don't care what down there doing  
'cause up here, up here, down there, down there  
And you don't moving how I'm movin'Bitch, I'm way up here  
Can't hear what you're saying  
Gone with all that hating  
So it's fuck you pay me  
Bitch, I'm way up here  
Can't hear what you're saying  
Gone with all that hating  
So it's fuck you pay meBitch, I'm way up here

Come on girls, you down?  
You with it? I'm with it  
Go on ahead, go down, uh  
Bitch, I'm way up here  
Puffing pot on a mountain top  
Dipping in that bag  
White girl on my counter top (Soulo)  
Bitch, I'm way up here  
Drop it like it's hot, ho  
I ain't move no birds, but  
She in love with my cock, though  
Bitch, I'm way up here  
Looking down on you little niggas  
Got a 16 with a seal on it  
Shot glass with a pill in it (Soulo)  
Bitch, I'm way up here  
Y'all all under my telescope  
So much that I'm squintin'  
You ain't snitchin', but you can tell 'em though  
Bitch, I'm way up here  
Hah, can't hear what you saying  
Smoking on that strong, strong, like a super saiyan, saiyan  
Bitch, I'm way up here  
HiiiPower, Top Dawgs, all dogs, go to heaven, not y'all
