Thank You

Jason Chen

Been thinking about all the days
You were right by my side,
Been thinking about
How you never left me behind
And all the things you said to
Help me ease my mind
And I don't know where I'd be,
Without you in my life...
*
Now I just
Want to tell you how much
I, I appreciate your love (-ove)
*
So I'll be there when you call,
Pick you up when you fall
And if you ever get lonely,
I'll be there in a heartbeat...
This song is for you,
For everything we've been through
It's been so overdue,
I just want to say,
Thank you.
*
Been travelling this road for so long,
Still going strong.
Cause without you here I'd be nothing,
Nothing at all...
Even when times were bad
You believe in me!
And now I'm standing tall,
And I just want to thank you,
For sticking through it all...
*
I just want to
Show you how much,
I, I appreciate your love (-ove)
Ooh oh, oh!
*
So I'll be there when you call,

Pick you up when you fall,
And if you ever get lonely
I'll be there in a heartbeat.
This song is for you,
For everything we've been through
It's been so overdue,
I just want to say
Thank you.
*
I know it's not easy...
but you were there from the start,
I'll take the kindness you've shown me...
Share the love,
And the strength (Pay it forward,)
Be all we can be!
*
So I'll be there when you call,
Pick you up when you fall,
And if you ever get lonely
I'll be there in a heartbeat.
This song is for you,
For everything we've been through
It's been so overdue,
I just want to say
Thank you.
*
So I'll be there when you call (There when you call)
Pick you up when you fall (Pick you up when you fall!)
And if you ever get lonely,
I'll be there in a heartbeat.
This song is for you (song is for you)
For everything we've been through
It's been so overdue,
I just want to say,
Thank you.
