

# Let You Go

Pete Murray

I didn't know, somebody surprised me  
    Alarmed, alarmed  
    Somebody has made it  
    This far, this far  
I don't wanna let you go  
I don't wanna let you go  
You know it's so, it's so hard  
I don't wanna let you go  
I don't wanna let you go  
    'Cause it's far, to far  
And if somebody tells you  
    You're not enough  
    If somebody tells you  
    You're not good enough  
    If somebody tells you this  
        It isn't just  
        Yes, I'm burning up  
And I'm calling all the bluffs and  
    I don't wanna let you go  
But if the weather changes, I can't mind  
    And I don't wanna give you up  
    But I just might this time  
    Hope the new grass you seek  
    Is greener than the greenest green  
And if it's not or if it is, I just hope you'll be  
At peace, at least, at least, goodbye  
    So go ahead  
    Compare the petty issues  
    To all the awesome days  
    Somebody is waiting  
    Too long to stay awake  
I don't wanna let you go  
I don't wanna let you go  
You know it's so, it's so hard  
I don't wanna let you go  
I don't wanna let you go  
    'Cause it's far, to far  
And if somebody tells you  
    You're not enough

If somebody tells you  
You're not good enough  
If somebody tells you this  
It isn't just  
Yes, I'm burning up  
And I'm calling all the bluffs  
I don't wanna let you go  
But if the weather changes, I can't mind  
And I don't wanna give you up  
But I just might this time  
Hope the new grass you seek  
Is greener than the greenest green  
And if it's not or if it is, I just hope you'll be  
There is a beautiful ending  
But you're never gonna read the book  
I know you won't, I know you won't  
There's a magical ending  
But you're never gonna read the book  
I know you won't, I know you won't  
And I don't wanna let you go  
But if the weather changes, I can't mind  
And I don't wanna give you up  
But I just might this time  
Hope the new grass you seek  
Is greener than the greenest green  
And if it's not or if it is, I just hope you'll be  
At peace  
Walk away, I know it hurts  
Don't be afraid and know your worth  
Just walk away, I know it hurts
