Statues Of Ourselves

Semi Precious Weapons

Dance me face to face
While I finger your ribcage
Dance me face to face
While I finger your ribcageI've got a filthy mind, love
She's got those laser light gloves
Thursdays 3 a.m.
We dance like fucking legendsShe spins the record open
We're gonna dance it broken
You know we always will
'Cause love could get us killedNo, we don't know if this will live
So we're gonna build
No, we don't know if this will live
Our own legendsWe're gonna build statues of ourselves
We're gonna build statues of ourselvesDarling, boys all love her
Help her keep her cover
Someone turn on the fog
Before the next songLove breeds only love, love
Magnetic kicked the bad stuff
Thursdays 3 a.m.
We dance like fucking legendsNo, we don't know if this will live
So we're gonna build
No, we don't know if this will live
Our own legendsWe're gonna build statues of ourselves
We're gonna build statues of ourselves
We're gonna build statues of ourselves
For us and no one elseDance me face to face
While I finger your ribcage
Dance me face to face to face
While I finger your ribcageDance me, dance me face to face to face
While I finger your ribcageNo, we don't know if this will live
So we're gonna build
No, we don't know if this will live
Our own legendsWe're gonna build statues of ourselves
We're gonna build statues of ourselves
We're gonna build statues of ourselvesWe're gonna build statues of ourselves
We're gonna build statues of ourselves
We're gonna build statues of ourselvesWe're gonna build statues of ourselves
Come on, come on, come on
Build statues of ourselves

We're gonna build statues of ourselves
For us and no one else
