

# Take Good Care of Me

## Jonathan Butler

Oh baby  
I found the nerve to try again  
Some broken hearts, give time will mend  
Will you be gentle if I surrender all to you, to you  
Please understand that I got to be sure  
The lessons I've learned I can't ignore  
Will you be gentle if I surrender all to you, to you  
Take good care of me  
'Cause my heart's a tender thing, oh yeah  
Take good care of me  
'Cause this heart has known much pain  
And could never handle hurting again  
So take good care of me, of me  
Don't get me wrong 'cause I really care  
At shadow of doubt has always been there  
Please reassure me  
Hold me against my fears away, my fears away  
Something tells me it's right this time  
It took a little while but I made up my mind  
Please reassure me  
That we'll be together come what may, come what may  
I know forever's never been promised to anyone  
So don't forget me forever  
I'll take what I can get  
'Cause baby you're the best thing  
That ever happened to me yet, oh oh oh  
Woah baby  
So if it can't be forever  
I'll take what I can get  
'Cause baby you're the best thing  
That ever happened to me yet, oh oh oh
