I Will Still Love You

Britney Spears

Time may take us apart
But I will still love you
I promise
Ohh ho
Hmm oh yeah
And when the stars, stars are falling
I'll keep calling, ahh, oh yeah
I promise that you'll be my one
My only everythin'
I'll never be untrue
And I promise back that for your love
I will do anythin'
I will give you the stars
I will buy you the moon
Even through the longest of our nights
And even through the darkest days our
Love will find a way
And when the stars are falling
I'll keep calling
I will still love you
(Ooo)
And when your dreams are fading
I'll be waiting
I will still love you
(Ooo)
You are my summer breeze my winter sun my
Springtime soul
(Springtime soul)
Oh my autumn touch of gold, ya
You are my sky my rain
The earth in which my love grows
(Ooo)
'Cause your all
The smile of my heart and the breath of my soul
Even if we find ourselves apart
We will hold our, hopes and dreams
Forever in our hearts
Ahh stars are falling
(And when the stars are falling)

I'll keep calling, I'll keep calling
I will still love you
(I will still lovin' you)
And when your dreams are fading
Dreams are fading
I'll be waiting, I'll be waiting
(Ooo)
I will still love you
Tell me how you feel
I finally know how that feels, tell me if it's real
And my heart tells me it's real
So real, so real
(So when the stars are falling, I'll keep calling)
Stars are falling, I'll keep calling
I'll keep calling
(Ooo)
I will still, I will still love you
(I will still lovin' you)
And when your dreams are fading
I'll be waiting
I will still love you
(Ooo)
I will still love you, baby
Time may take us apart that's true
But I will always be there for you
You're in my heart, you'll be in my dreams
(Ooo)
No matter how many miles between
I promise you that I won't forget
(Yeah)
The day we kissed or the day we met
(Yeah)
(Ooo)
The sky may fall and the stars may too
But I will still, I will still
Love you
(Stars are falling)
Love you, ohh, I'll keep calling, ya
(Ooo)
I will still love you
(I will still lovin' you)
And when your dreams are fading, I do
'll be waiting
(I'll be waiting)
I will still love you

(Ooo)
