Missin You

Conya Doss

[Chorus]
I can't stop missin you.
Wish I was there with you.
I can't stop missin you.
No, no, no, no.
I can't stop missin you. (no)
Wish I was there with you. (with you)
I can't stop missin you.
No, no, no, no.

[Verse]
I miss the way you kiss,
Miss the way you wear them heels and make it switch.
Miss the way your hair blows in the wind.
And I miss you stayin here 'til the mornin,
Miss the way you put on your makeup.
Miss the way you love me too much.
It's everything about you baby.
Wanna know where you been lately.
Do you go out?
Do you still live at your old house?
D you got somebody new in your life?
Cuz I can't get you out of my mind.

[Pre-Chorus]
And I wanna erase,
But I can't stop seein' your face.
And every girl I try to replace you with.
Why can't I get over it?
Simply cuz I can't

[Chorus]
I can't stop missin you. (can't stop)
Wish I was there with you. (with you)
I can't stop missin you.
No, no, no, no.
I can't stop missin you. (can't stop)
Wish I was there with you. (with you)
I can't stop missin you.

No, no, no, no.

I can't stop...

[Verse]
Missin everything you say,
Missin all the crazy love we made.
Why'd you throw it all away?
I want you to know
It's been hell tryna do this without you here.
Baby, '07's supposed to be our year.
You confront my worst fears.
And I had my doubts,
every time you was going out.
Cuz I knew you were tellin me lies
And I can't get that outta my mind.

[Pre-Chorus]
And I wanna erase,
But I can't stop seein' your face.
And every girl I try to replace you with.
Why can't I get over it?
Simply cuz I can't...

[Chorus]
I can't stop missin you. (can't stop)
Wish I was there with you. (with you)
I can't stop missin you.
No, no, no, no.
I can't stop missin you. (can't stop)
Wish I was there with you. (with you)
I can't stop missin you.
No, no, no, no.

[Breakdown]
Wish
I
Could wake up and forget about you.
Not try
to call you when I know I want to
(Oh WIsh I)
I gotta fight this feeling.
(Wish I)
Can't let it take over me.
(Wish I)

You just don't understand how much you were a part of me.

[Chorus x3]
I can't stop missin you.
Wish I was there with you. (with you)
I can't stop missin you.
No, no, no, no.
I can't stop missin you. (can't stop)
Wish I was there with you. (with you)
I can't stop missin you.
No, no, no, no. (I can't stop, I can't stop missin you)
