Momentary Thing

Something Happens

Is it nothing or less? Or less? Or less?..
We're holding on I guess, I guess, I guess..
She's taking off her clothes again
Says, "Let the whole world see"
She's cutting off her hair again
Says, "This is all of me"..(Chorus)
After all, well isn't this just a momentary thing?
It's not like I expected it,
Or any heavy thingShook me up I guess, I guess, I guess..
Stirring me up yes, yes, yes..
It's at the point of breaking down,
Cause there's nothing left to say.
I think you waste your sweetness.
I think the whole thing blew away.(Chorus)Not like I hoped
Not like I dreamed
Not like I prayed
And hoped for.. dreamed
It's not like I'm hooked
I'm hooked (x3)
It's not any heavy thing.. (x4)(Guitar Solo)Cause we'll get along..
Yeah.
We'll get along.
Oh yeah.
After so long (x4)
So long..
