Get Away

Gab Coelho

I was trying to move on
But I just can't
It's a obsession

Catch me like a obsession

I can barely move my hands
I know that I can't pretend
But I want to try again

(Try again)
(Want try again)

When the night is coming
I'll fall in love with the lightning
You should get away from here
I'll get filled up with energy

My brain is now full complete
I'll fall in love with the lightning

You should get away from here
You should get away from here

Oh, I know
We're made to last
And I don't want it
I don't want it to past

Boy, you know
We're made to last
Take a chance I gave
Don't want to regret

'Cause I've feeling on top
Feeling on top
I just can't stop
(I just can't stop)

I just can't stop

(I just can't stop)

'Cause I've feeling on top
Feeling on top
I just can't stop
(I just can't stop)

I just can't stop
(I just can't stop)

Want to feel that energy
Want to feel your whole body
Move your body closer to me

You should get away

Want to feel that energy
Want to feel your whole body
Move your body closer to me

You should get away

I may offer you a drink
So be home and take a sit
Don't need to think about it
Consider this, consider this

They're not better than us
They got numbers
But not fun

Got numbers
But not fun

(Got numbers)
(But not fun)

And it's get virtual
They like you in there
But not in the real picture
Not the real picture
Not the real picture

And it's get virtual
They like you in there
But not in the real picture

Not the real picture
Not the real picture

Oh, I know
We were made to last
And I don't want it
I don't want it to past

Boy, you know
We were made to last
Take a chance I gave
Don't want to regret

'Cause I've feeling on top
Feeling on top
I just can't stop
(I just can't stop)

I just can't stop
(I just can't stop)

'Cause I've feeling on top
Feeling on top
I just can't stop
(I just can't stop)

I just can't stop

Want to feel that energy
Want to feel your whole body
Move your body closer to me

You should get away

Want to feel that energy
Want to feel your whole body
Move your body closer to me

You should get away

Want to feel that energy
Want to feel your whole body
Move your body closer to me

You should get away

(Want to feel that energy)
(Want to feel your whole body)
(Move your body closer to me)

(You should get away)

(Want to feel that energy)
(Want to feel your whole body)
(Move your body closer to me)

(You should get away)

(Want to feel that energy)
(Want to feel your whole body)
(Move your body closer to me)

(You should get away)
