Desert Song

Dead Can Dance

Favored one, fade on, see them run
Journey 'round, heave ho all night long
You've been afraid for far too long
I've been enraged in my song
I've been a rose in my rage
I've been a rose
I've been a rose
I've been a rose
Canaan ran, since her desert song
Canaan ran, rides on the bird song
You've been afraid for far too long
I've been enraged in my songs
I've been a rose
I've been a rage
I've been a rose
I've been a rage
I've been a rose
