

# Desert Song

## Dead Can Dance

Favored one, fade on, see them run  
Journey 'round, heave ho all night long  
You've been afraid for far too long  
I've been enraged in my song  
I've been a rose in my rage  
I've been a rose  
I've been a rose  
I've been a rose  
Canaan ran, since her desert song  
Canaan ran, rides on the bird song  
You've been afraid for far too long  
I've been enraged in my songs  
I've been a rose  
I've been a rage  
I've been a rose  
I've been a rage  
I've been a rose
