

Blue Skies

Blue October

Chorus:

Blue skies
Calling on blue skies
Don't take them away, boys
Don't take them away
Cause I'll never stop
I've been to both knees
Raise my hands up to the skies, forgive me
Is something out there far beyond the clouds?
I'm asking help me
Help me to see the world
Through baby eyes and hold me closely
I need a fresh start on the roller coaster
Made for coasting
It's time to wake up, time to make up
Time to shake these memories
It's time to leave the past in the past
And lace up a new set of shoestrings
I want the world to know I've got your back
Through up and down, see
So we can sit together, side by side
Through amazing

Chorus:

Blue skies
Calling on blue skies
Don't take them away, boys
Don't take them away
Cause I'll never stop
So I've broken every bone
And fought through what felt never-ending
I thought my head was made of sadness
But my heart is mending
I scream at sunsets
Give applause to what I can't control
Then somehow laugh at how
The moon divides an ocean soul but
I wanna be that ocean
I wanna shine like that
I want to smile so big my daughter jumps into my lap

And I wanna tell her daddy's fine

And always plans to be

Then take her in my arms

This is what we'll always see

Chorus:

Blue skies

Calling on blue skies

Never take them away, boys

Don't take them away

Yeah, shhh

And when I'm gone

I won't go screaming in the end

I'll give you everything my life amounts to

So raise your life up with me

And baby, let's go dancing

Come on!

Chorus:

Blue skies

Calling on blue skies

Don't take them away, boys

Don't take them away

Cause I'll never stop

Well I've broken every bone

And fought through what felt never-ending

I thought my head was made of sadness

My heart is mending

I scream at sunsets

Give applause to what I can't control

Then somehow laugh at how

The moon divides an ocean solo

I wanna be that ocean

I wanna shine like that

I want to smile so big my daughter jumps into my lap

And I wanna tell her daddy's fine

And always plans to be

Then take her in my arms

This is what we'll always see

Chorus:

Just blue skies

Keep calling on blue skies

I'll never take them away, little girl

I'll never take them away

Cause I'll never stop loving my blue skies
