

Scare Me

Janne Schra

I'm not afraid of lonely
I've gotten good at being that
Ain't seen nothing that could hold me
Say goodbye and don't look back
 Running, always ready
 Feel as strong and steady
 But you scare me
Took a long walk after midnight
 Trying to make sense of it all
Tried to catch a glimpse of my old life
 But your face was all I saw
 Blue eyes staring through me
Baby, what are you doing to me?
 You scare me
 (Never felt this before
 It's all brand new to me
 Never known anyone)
 You scare me
 (I'm doing what I said
 I would never do
 Too late to stop it now)
Knowing there's no turning back
 Knowing I don't want to
 Baby, you scare me
 (Never felt this before
 It's all brand new to me
 Never known anyone)
 You scare me
 (I'm doing what I said
 I would never do
 Too late to stop it now)
 Scare me, scare me
 Baby, you scare me
 Scare me
