

# Quality

## Barenaked Ladies

Just show me the venue when I'm on the menu  
It's personalized  
The life of the party, I'm like Billy Barty  
But regular-sized  
I guess I should explain  
Your guests will go insane for me  
'Cause I'm serving up quality, it can't be beat  
If you're not down, vote with your feet  
My quality, biology  
Is enhanced with high technology  
Over in England, everything bent  
But I'm satisfied  
I hung with the stars there  
You know, they drive cars there  
On the other side  
They barely noticed me  
You said you'd go with me always  
'Cause I'm serving up quality, it can't be beat  
If you're not down, vote with your feet  
My quality, biology  
Inspired some Greek mythology  
It's all true  
(Cross my heart and hope to die)  
I swear to you  
(Stick a needle in your eye)

And if you've been misled  
May some lightning strike me dead  
Back Japan, they did not understand  
They sent me back here  
Look at them now, they're rubbing my cow there  
And feeding it beer  
I may go back someday  
They'll have a huge buffet for me  
'Cause I'm serving up quality, it can't be beat  
If you're not down, vote with your feet  
My quality, neurology  
Is studied in theology  
It's quality, it can't be beat

If you're not down, vote with your feet

My quality, biology

Is enhanced with high technology

Biology, astrology

Theology, ecology

Mythology, pathology

Cosmology, etymology

Demonology, biology

Astrology, theology

My quality, neurology

Is studied in theology
