

# Look Out Any Window

**Bruce Hornsby & the Range**

There's a man workin' in a field  
See's the rain and it's burning  
He's saying this can't be real

Oh as he sees the color of the fields turning  
Far away them too busy getting rich to care

Close their eyes, let it all out into the air

Hoping nobody else would care  
Look out any window

Look out any open door

Look out any window

See what's going on in the world around you  
There's a man working on a boat

Pulling lines from the water

Just trying to stay afloat

Oh filling the nets is getting harder

Far away they bend the rules so secretly

Close their eyes and let it all out into the sea

Hoping nobody else would see  
Look out any window

Look out any open door

Look out any window

See what's going on in the air around you  
Far away too many leaders let them get their way

Close their eyes and let it all out into the bay

Say they'll clear it up another day  
Look out any window

Look out any open door

Look out any window

See what's going on in the air around you  
Look out, look out for the big boys

Telling you everything they're gonna do

Look out, look out for the fat cat builder man

Turning this into a wasteland

Look out, look out for the back room boys

That say the smoke is gonna blow away

Look out, look out for the men who say it's okay

Sitting in a building far away
