

# Middle of the Night (feat. Peter Godwin)

## MetrÃ´

What good intentions - but in another style  
Good old conventions - we still romanticise  
One fatal dose of an old perfume  
Well am I hard enough - soft enough - donâ€™t be rough  
You wake me up in the middle of the night  
You got me thinking that Iâ€™m still obsessed with it  
I feel so scattered and Iâ€™m giddy in flight  
How can I ever leave it all behind?

I want to think about important things  
Total despair in every way the world turns  
But my emotions circle my ego  
With these frustrations I canâ€™t go solo  
I turn my head away and give it to the beat  
â€˜cause itâ€™s a special kind of feeling  
when we meet and...

You wake me up in the middle of the night  
I canâ€™t help wondering why Iâ€™m such an idiot  
I get so dizzy and Iâ€™m too weak to fight  
How can I ever leave it all behind?  
Well leave it all behind - leave it all behind  
leave it all behind

Missing relationships - closer encounters  
Oh - oo - oh the world turns  
Making my heart turn  
to another kind of sorrow or joy  
Well, am I man enough to feel like a boy again?  
And you wake me up in the middle of the night  
and I remember that my heartâ€™s still part of me

You got me shaking and I shiver inside  
How can we ever leave it all behind?  
How can we ever leave it all behind?  
Leave it all, leave it all  
Leave it all, leave it all behind  
Leave it all, leave it all  
Leave it all, leave it all behind
