are S P double E D A!

Listen peeps

And listen ladies and gentleman

Put put put your hands up

Ha Ha Ha Show time

I'm going to go tease you

I'm going to go get on your nerves

You used to say there will never be someone like me

But you lightly stepped on me and left

Take a slightly break as you go on your way

and listen to this song

You used to have me in the palm of your hands

But now I will tease you

Let me see how well you're doing, there's no time so run away

If you go at this rate, you won't go very far

I'm not the me of the past

Look at me, who has completely changed

Just tell me that you're sick of me

Then I will!

I'm going to go tease you, tease you

I'm going to go tease you say

(sungguridangdangsungdangdang)

I'm going to go tease you, tease you

I'm going to go tease you say

(sungguridangdangsungdangdang)

You're getting mad, right? Neh neh neh boo boo

You're getting mad, right? Neh neh neh boo boo say

You're getting mad, right? Neh neh neh boo boo

You're getting mad, right? Neh neh neh boo boo say

I'll pay you back twice as much

I'll sew tight your lips that used to say you loved me

After receiving a blow from you,

I played, slept and ate all night  
But now I have changed  
No matter how much you beg, thereâ€™ll be no answer

Hurry and run away, you wonâ€™t get away at that rate  
Iâ€™m not the me of the past  
Look at me, who has completely changed  
Just tell me that youâ€™re sick of me  
Then I willâ€!

Iâ€™m going to go tease you, tease you  
Iâ€™m going to go tease you say  
(sungguridangdangsungdangdang)  
Iâ€™m going to go tease you, tease you  
Iâ€™m going to go tease you say  
(sungguridangdangsungdangdang)

I will tell you now baby  
Iâ€™ve erased the me that youâ€™ve known in the past  
It used to be only you, I used to only have you  
But now I donâ€™t need anything  
Because Iâ€™m going to go tease you  
Youâ€™re getting mad, youâ€™re getting mad, right?  
Youâ€™re getting so mad, right?

3 4 5

Now itâ€™s your turn to receive the blow  
Even if I lose you, Iâ€™m tryin  
You will end up being caught by me anyway  
Iâ€™m a little different from the me of the past  
Yeah one more time say

Iâ€™m going to go tease you, tease you  
Iâ€™m going to go tease you say  
(sungguridangdangsungdangdang)  
Iâ€™m going to go tease you, tease you  
Iâ€™m going to go tease you say  
(sungguridangdangsungdangdang)  
Youâ€™re getting mad, right? Neh neh neh boo boo  
Youâ€™re getting mad, right? Neh neh neh boo boo say  
Youâ€™re getting mad, right? Neh neh neh boo boo  
Youâ€™re getting mad, right? Neh neh neh boo boo say
