You Make It Easy

Jude Cole

I know it's crazy, but I don't care at all
Who's knockin' on my door
Or who's tryin' to callAnd sometimes I talk too much
When I've got nothing to say
It's just my natureYou make it easy for me to be who I am
You make it so easy for me to be who I am
And where you are is where I wanna be, yeahWell, I'm not a gambler but there's one thing I'd bet
This life would be a joke if we never met
And right now I'd feel like the luckiest man in the world
If you were near meYou make it easy for me to be who I am
You make it so easy for me to be who I am
And where you are is where I wanna be, yeahAnd if there's a time you ever feel lonely
You know I'll drop everything to be with you only
For you know, it's only fairAnd sometimes I don't speak up
When, what I need to say is that I love youYou make it easy for me to be who I am
You make it so easy for me to be who I am
And where you are is where I wanna be, yeah
Where you are is where I am
