

Blaze Finale

Casey Lee

Yeah, yeah, yeah, yeah
Uh it's like this uh
It's like this yo
Yo when I rap on a song
Where you at is the storm
And when the gat's in my palm
Where you at is the wrong
Call me blaze cause my bullets leave a trail this long
Frail is strong for you body got a panel to talk
The care is gone, the streets gave this man some arms
Every corner sellin' L and 'tron
This tale is one
You probably heard before cause my side is dark
Sick of rest, to the barrel when it's time to spark
Got my keys in my wallet but I lost my heart
And if I launch my guns, I'll be locked in dark
Skip the barber you'll get faded for free
Plus parts, you got beef to start
Let me heat your grill
No pros, snub those and your cats get peeled
Low-pros, no more bust a mack and peel
Cats conceal I keep mine on my lap and chill
Ridin' shotgun, even when behind the wheel
You know the deal The B, the L, the A, the Z, the E (Yeah)
The B, the L, the A, the Z, the E (Uh)
The B, the L, the A, the Z, the E (Uh-huh yeah)
The B, the L, the A, the Z, the E (What?)
The B, the L, the A, the Z, the E (Put em up yeah, no doubt yeah)
The B, the L, the A, the Z, the E (Y'all ready for this)
The B, the L, the A, the Z, the E (Y'all ready for this)
The B, the L, the A, the Z, the E (Ay yo) Pull a semi, revolution is single
Even animals are Calico will desert my eagle
Got an abacus I'll teach you how when I can be lethal
And when I bust they say united at the Air Raid in Segal
Prepare for my people
Everything's equal, everything's evil
Snypers tryna zappa me like Amad and Dwezil
It's the Q against the Kappa, and I'll step on you silly
She's gotta have it but I took it and I sold it for 50

Name is B-L-A with the Z and the E
I push a CLK with a T and a V
I'll be on MLK any city you choose
The first time you ever spit
Was when you were shining my shoes
The B, the L, the A, the Z, the E
The B, the L, the A, the Z, the E
The B, the L, the A, the Z, the E
The B, the L, the A, the Z, the E
The B, the L, the A, the Z, the E
The B, the L, the A, the Z, the E
The B, the L, the A, the Z, the E
