

You And I Both

Jason Mraz

Was it you who spoke the words that things would happen but not to me
Oh things are gonna happen naturally
Oh taking your advice and I'm looking on the bright side
And balancing out the whole thing Oh but at often times those words get tangled up in lines
And the bright light turns to night
Oh until the dawn it brings
Another day to sing about the magic that was you and me 'Cause you and I both loved
What you and I spoke of
And others just read of
Others only dream of the love
Oh the love that I love, yeah See I'm all about them words
Over numbers, unencumbered numbered words
Hundreds of pages, pages, pages forwards
More words than I had ever heard and I feel so alive 'Cause you and I both loved
What you and I spoke of
And others just read of
And if you could see now Oh love, love, you and I, you and I
Not so little, you and I anymore
And with this silence brings a moral story
More importantly evolving is the glory of a boy 'Cause you and I both loved
What you and I spoke of
And others just read of
And if you could see me now Well then I'm almost finally out of
I'm finally out of, finally de de de de de de
Well I'm almost finally finally
Well I am free, oh I'm free And it's okay if you had to go away
Oh, just remember the telephone
Well, they're workin it both ways But if I never, ever hear them ring
If nothing else I'll think the bells inside
Finally found you someone else and that's okay
'Cause I'll remember everything you sang 'Cause you and I both loved
What you and I spoke of
And others just read of
And if you could see me now Well then I'm almost finally out of
I'm finally out of, finally de de de de de de
Well I'm almost finally, finally out of words
