

When You Were Young

Wiretree

When you were young
thereâ€™s something inside of you

When you were young
Thereâ€™s nothing that you canâ€™t do

keep me awake
keep me from falling back down
I hope you'll still, give it to me

some days are long
sometimes youâ€™re hide and seeking now
And when they're gone
You hope you can get through somehow

i hope you will
keep me from falling back down
I hope youâ€™ll still, give it to me.
i hope youâ€™ll still, give it to me.
