

Hollow Man

Xavier Wulf

It's so nice to get away, get away for a day
I see a hollow man, gun in hand, gun in hand, it points my way
You know, he follows me everywhere and everyday, I gotta get away
I won't miss him if he goes away and stays away, yeah, yeah

He's just a hunter for the devil

Hollow man

Hollow man

Hollow man

He's just a hunter for the devil

Hollow man

Hollow man

Hollow man

It's so nice to get away, get away for a day
I see a hollow man, gun in hand, gun in hand, it points my way, oh
You know, he follows me everywhere and everyday, I gotta get away
I won't miss him if he goes away and stays away

Oh yeah, yeah, yeah, yeah

He's just a hunter for the devil

Hollow man

Hollow man

Hollow man

He's just a hunter for the devil

Hollow man

Hollow man

Hollow man

Yeah, yeah

Yeah, yeah, yeah

Yeah, yeah

Yeah, yeah

Yeah, yeah, yeah
