## Nneka

You said you'd be there 4 me  
In times of trouble when I need you and I'm down  
And like why do you need friendship  
It's from the things that been changing  
You have goals to achieve  
But the road you take abroad and heartless that wants you make another way  
You throw stones  
Can't you see that I am human I am breathing  
but you don't give a damnCan't you feel my heart is beating  
Can't you feel the pain you're causing  
Can't you feel my heart is beating  
Can't you feel the pain you're causingBlood blood blood ... keeps rushing  
And now the world is asleep  
How will you ever wake her up when she gets deep in the dreams, wishing  
And yet so many die  
And still we think that it is all about us  
It's all about you  
You sold your soul to the evil and the lust  
and the passion and the money and you  
And the same ones die, and people hunger for talking,  
suffer under civilized damn robbers but they? usCan't you feel my heart is beating  
Can't you feel the pain you're causing  
Can't you feel my heart is beating  
Can't you feel the pain you're causingBlood blood blood ... keeps rushingInvaded, eliminated, erased,  
interrogated  
Our tradition, our love 4 our fellow countrymen,  
our property, our ancestors - have died  
Can you feel my heart beating?Can't you feel my heart is beating  
Can't you feel the pain you're causing  
Can't you feel my heart is beating  
Can't you feel the pain you're causing
