

Spaghetti Motel (Theme For A Spanish T.V. Show)

NOFX

Welcome to the spaghetti motel
where it's ok to be a loser
as long as you're doing it well
you're welcome at the spaghetti motel Lucas is his name
his photographs will bring him fame
you won't see his face in a movie scene
you can't see his eyes they've never been seen
he's the perfect host he's always ready
he manages motel spaghetti Welcome to the spaghetti motel
where it's ok to be a loser
as long as you're doing it well
you're welcome at the spaghetti motel Lucas is his name
painting walls won't bring him fame
but you know you'll never hear him say
there's no more room so go away
The perfect host he's always ready
he manages motel spaghetti
