Reality, a New Beginning

Fight

This time when I'm leaving
Who cares where I'll go
I'll walk with the sunset
Out there no one knowsReality, a new beginningIn my imagination
I'm searching for my dream
Finding something better
More than what I've beenReality, a new beginningReality, a new beginningNew day, new tomorrow
I'm not living in the past
I'm changing the illusion
I'm set free, free at lastReality, a new beginning
