

# Reality, a New Beginning

## Fight

This time when I'm leaving  
Who cares where I'll go  
I'll walk with the sunset  
Out there no one knows Reality, a new beginning In my imagination  
I'm searching for my dream  
Finding something better  
More than what I've been Reality, a new beginning Reality, a new beginning New day, new tomorrow  
I'm not living in the past  
I'm changing the illusion  
I'm set free, free at last Reality, a new beginning
