

Big Love

[Jamie Lidell](#)

At the? minute
Got no? anymoreIs that the big love?
Is that the big love?
Is that the big love at my door??
Fillin up the page(Chorus):
You make, you make a big love
You make, you make a big loveElectricity around us, baby
Electric high, its time we touch
Some will just insist that youd be better off alone
But people lie when they dont know
