

Come On, Little Girl

The Melodians

Come on, little girl, come on
Come on, little girl, come on
Come and dance with me I need someone to
Dance with me and
That someone I've chosen is you, so Come on, little girl, come on
Come on, little girl, come on
Come on, little girl, come on
Come on and rock me in my soul Don't say the word, no
That would make me run away
I need someone, someone like you, so Come on, little girl, come on
Come on, little girl, come on
Come on, little girl, come on
Come on, dance with me Come on, little girl, come on
Come on, little girl, come on
Come on, little girl, come on
Come on, dance with me Don't say the word, no
That would make me run away
I need someone, someone like you, so Come on, little girl, come on
Come on, little girl, come on
Come on, little girl, come on
Come on, dance with me Come on, little girl, come on
Come on, little girl, come on
Come on, little girl, come on
Come on, rock me in my soul
