

At Night (Thinking About You) [Cyantific Remix]

MNEK

In the morning I'm okay
Just fine in the afternoon
But at night I think about you
Like an echo in my brain
I wonder if you hear it too
'Cause at night I think about you And it's just madness
How love can lead you to sadness
I lay awake and imagine At night I think about you
In a way I am not supposed to
Baby, sleeping without you just isn't right
Trust me, I've tried it a thousand times
At night I think about you
Do you still think of me too?
'Cause I can't shake you off my mind
And I don't know what to do
At night I think about ya
'Cause at night I think about you Slowly when I close my eyes
Every time I go to bed
Your song still plays in my head
How foolish of me to fantasize
'Bout everything we used to be
Letting go ain't that easy It's just madness
You're here then you're gone
It's like magic
I lay awake and imagine
You think of me
The way I think of you, baby
'Cause every night I'm going crazy At night I think about you
In a way I am not supposed to
Baby, sleeping without you just isn't right
Trust me, I've tried it a thousand times
At night I think about you
Do you still think of me too?
'Cause I can't shake you off my mind
And I don't know what to do
'Cause at night I think about ya Ooh, time after time
Enduring watch you go, goodbye
Show up in my dreams at night
'Cause, baby, in the dark you still shine

Sad but true
Nothing's the saddest getting over you
Eyes are wide open the whole night through'Cause at night I think about you
In a way I am not supposed to
Baby, sleeping without you just isn't right
Trust me, I've tried it a thousand times
At night I think about you
Do you still think of me too?
'Cause I can't shake you off my mind
And I don't know what to do (Don't know what to do)
'Cause at night I think about youAt night I think about you
You, yeah
I can't get no sleep at night
At night I think about ya
