

Perfect World (Reprise)

Tom Jones

You'd be the coolest dude in the nation
Or the hippest cat in creation
But if you ain't got friends then nothing's
Worth the fuss A perfect world will come to be
When everybody here can see
That a perfect world begins and ends
A perfect world begins and ends
A perfect world begins and ends with us What's his name?
Kuzco, Kuzco, Kuzco
Kuzco, Kuzco, Kuzco
