

# Darlin' What Happened

**B.B. King**

Oh darlin', what happened to that beautiful smile?  
Oh, the ones you gave me any time we were face to face  
Oh, is it someone, someone else taking my place?  
Oh baby, what happened? Oh, what happened to those fast heartbeats?  
The ones that excited me, excited me so  
Oh, tell me, dont you love me? Oh, baby, dont you care anymore?  
Darlin', darlin' what happened? Oh, its so sad what a little time can do  
Oh, when youre hangin' out with another, losing a love with you  
All those good times, those good times we had  
Baby, just me and you Oh, darlin', before I go theres one thing  
Oh, just one thing Id like to know  
Dont you love me? Dont you care anymore?  
Darlin', what happened? Oh, its so sad what a little time can do  
Hangin' with another, losing a love with you  
Oh, all those good times, all of those good times, baby  
Good times with just me and you, me and you, baby Baby, before I go theres one thing  
One thing Id like to know  
Oh, dont you love me, baby? Dont you care anymore?  
Oh, darlin', darlin' what happened?
