Shadow of the Sun

Thomas Azier

I came down from the mountain
Counting the hours I barely sleep
Watching the nights grow
Watching the snow grow under my feet
I ask the gods to forget me
I won't beg for their sympathy
Cuz' I will be free now
Free as my childhood memories, oh yeahSave me from the shadow of the sun
There's no escape
We become oneI ask the gods to forgive me
And I feel no shame if they cast me away
I am left at their mercy
Watching the nights fade into grey
I'm walking over the mountain
I am sad as a man can be
But free as the wind is
Free as my childhood I will be free, oh yeahSave me from the shadow of the sun
There's no escape
We become one
