

Rising Up from the Ashes

The Living End

Just when you thought
That you had it all worked out
You will be the last one
To figure it out Then you will see
That in order to be free
We just dont wanna fake it
Anymore It doesnt seem to add up
And nothing seems to matter
Youve outgrown all the anger
You know that its not the answer Rising up from the ashes
You know we never meant to burn
Rising up from the ashes We dont wanna answer
To a mixed up generation
There'll only be separating
And if we burn, then what have we learned
