

# What About Love (feat. Have2Have)

Brooke Hyland

Oh oh oh, oh oh  
Oh oh oh, oh oh  
Oh oh oh, oh oh  
Oh oh oh, oh oh  
Oh-oh-oh-oh-oh What about love? Ohhh [x8]  
What about love? You always tell me that we're only friends  
Who made that rule, that rule we couldn't bend  
I'm always there to hear about your plans  
For all the other girls that held your hand It's really kinda wearing thin on me  
'Cuz all I really feel is jealousy  
It's time you really looked at what we are  
Why can't you break a rule that breaks my heart? What about love? Ohhh [x8]  
What about love? I've tried to tell you what I feel inside  
My heart is dying just to speak its mind  
Rehearsing every word and every line  
My eyes have screamed them out so many times It's time for me to keep my sanity  
I'm just so mad, I'm trying not to freak  
It's time you really looked at what we are  
Why can't you break a rule that breaks my heart? What about love? Ohhh [x4]  
What about love? Looove  
Looove  
Looove Hold me tight and hold me close  
Hold me so I lose control  
Tell me this will ever end  
This pretty sight is not pretend It's not pretend What about love? Ohhh  
What about love? [x10]  
What about love?  
(Love, love, love, love, love...)
